

“Help that goes further: Why every donation counts”

Source – Network for Humanitarian Action e.V.

Our goal: To provide education and vital resources to Kakuma refugee camp in Kenya.

Why your support is essential:

In the Kakuma refugee camp, our computer centre faces persistent water shortages that deeply affect our students. Your tax-deductible donation helps us build essential infrastructure for clean water through our [Project WASH](#) initiative.

Clean water is not just a basic necessity—it’s a cornerstone for equal access to education. Without a stable water supply, especially women are unable to fully participate in our courses, and our Muslim students cannot perform ablution before prayer. By supporting Project WASH, you are empowering students to learn, thrive, and build a brighter future.

How you can help:

- **Donate directly:** via our [Betterplace project](#) or bank transfer:
 - **Recipient:** Source - Network for Humanitarian Action e.V.
 - **IBAN:** DE64 8306 5408 0005 2390 28
 - **BIC:** GENODEF1SLR
- **Motivate employees:** Engage your employees by sharing the project. Encourage them to get involved by offering to match every donation they make, up to a specified amount. This not only amplifies their impact but also fosters a sense of shared purpose within your organization.
- **Share and network:** Leverage your social media platforms or personal networks to spread our mission. A simple post can inspire others and create a ripple effect of positive change.
